

Online Giving Frequently Asked Questions

What is Online Giving? Online Giving is a direct payment program whereby your contribution is debited automatically from your checking, savings, or credit card account into your church's bank account.

What are the advantages of Online Giving? It makes it easy to fulfill stewardship commitments, even when you can't attend church. You never have to bring cash or checks to church. Giving electronically also helps the church save money and improve its budget!

How are my contributions automatically deducted from my account? Once you complete the online registration, the contribution amount you specify, on the date you specify, will automatically be transferred from your bank account or credit card account to the church's bank account.

When will my contribution be deducted from my account? Your electronic contribution will be debited on the date you specify on the donation form.

If I do not write checks, how do I keep my checkbook balance straight? Since your contribution is made at a pre-established time, you simply record it in your check register on the appropriate date. Electronic contributions are recorded for you on your bank statement as well as your online reports.

Without a canceled check, how can I prove I made my contribution? Your bank statement gives you an itemized list of electronic transactions. You can also print a list of your contributions made online from your online giving account. Additionally, if you request, the church will send you a full contribution statement each year for your tax records, including all online giving payments.

Can I put different amounts in offerings and have all of them withdrawn at different times? You can set up to contribute to different offerings at different times and different frequencies.

What if I change bank accounts or credit card information or my credit card expires? Simply, login and update your account information. If your card expires, or your payment is declined, the system administrator will email to remind you to update your account info. Easy!

Is Online Giving risky? It's less risky than writing checks or bringing cash to church. Electronic contributions cannot be lost, stolen or destroyed and have an extremely high rate of accuracy and protection.

What if I try Online Giving and don't like it? You can cancel your transactions by deleting your accounts and donation dates, or by contacting the parish office.

How do I sign up for Online Giving? Complete the online registration process and select the donation funds, the amount you would like to donate and donation frequency, along with your credit or debit card information. It's that easy!
